The 1928 GRIZZLY GROWL

THIS, THE VOICE OF THE STUDENT
BODY, IS PUBLISHED BY THE EL
DORADO JUNIOR COLLEGE
EL DORADO, KANSAS

FOREWORD

Bear tracks on the first year's trail of E.J.C. have been faithfully set down into this first volume of the "Grizzly Growl", and, if they are appreciated and cherished by those who have had some part in their making, our object has been realized.

DEDICATION

To those far-seeing, unselfish citizens of El Dorado who caught the vision of the need for higher education, and gave to Butler County the El Dorado Junior College, we respectfully dedicate this first "Grizzly Growl".

ALMA MATER

El Dorado, we bring to thee
Our devotion and loyalty
Alma Mater, wealth untold.
Friendships lasting tried and true,
E'er revered in thoughts of you;
Hail the purple and the gold.

Through the years that bear us far,
Through what changing scenes there are
May thy name untarnished be,
Glorious victories crown thy years,
Progress daunted not by fears.
Alma Mater, E. J. C.

—Sophomore Class.

Every cub who places a faltering foot inside the portals of E.J.C. will feel a thrill all the way down his furry spinal column when he hears the Alma Mater sung. This composition was bequeathed by the first Sophomore class. In a song contest held at the beginning of the year 1927-28 the Sophomores placed themselves on the map by submitting words and music for an Alma Mater. Frances Shelden composed an original tune and the other members of the class combined their efforts to write the words.

It did not take the poor benighted Freshmen long to learn that the "Wearin' o' the Green" was not all that it was cracked up to be. In fact, a lot of the "Frosh" got their Irish up when a deluge of green caps descended upon them. The Sophomores soon convinced them that their purpose was to satisfy the aesthetic sense of the community by furnishing a bit of color for an otherwise barren campus.

The Sophomores, by their dignified examples, have been a distinguished group on the campus, furnishing the school with the Pres. of the Student Council, Football Captain, Pres. of Y.W., E. Club; Sans Souci; and Gold Diggers; V. Pres. and Treas. of Pi Delta Theta and Vice Pres. of the E. Club.

ALTHOUGH only cubs, the Freshmen were not, as is usually the case in a two year school, compelled to be the under-dogs this year. Being in the majority they were left, for the most part, unmolested. However, in order to humor the Sophomores, they did don some very becoming little green caps of the usual variety. Most of the cubs wore their caps from choice, but a few (sad, sad tale) were compelled by something more forceful than desire. It wasn't long, however, until the Sophomores were made to rue the day of their unwonted indelicacy in handling the Frosh. Revenge is sweet, and the morning of the Baby Parade in the Kafir Corn Carnival found a crowd of green capped Freshmen wheeling a prominent Sophomore in the parade. Said Soph, drinking a bottle of milk, was doubled up in an adorable baby buggy. Then, in the School Day Parade, when the upper classmen brought a goat decked in Freshman colors, they were pounced upon by a mob of green caps with paddles and were scattered, but not without an old fashioned beating for punishment. By the way, the Queen of the Junior College float, elected by the student body, was a Freshman; and the biggest honor given during the carnival, that of being Miss El Dorado, was also conferred upon a Freshman.

Members of the class have taken part in every college activity willingly and to the credit of all. In football, basketball, debate, and plays, the cubs have always done their share for the glory of E.J.C. In fact, from their ranks there have come: the only El Dorado member of the All-Conference Football Team, the editor of both the school paper and the "Grizzly Growl", and the Popular Girl. At the close of this first year of E.J.C. the Freshmen are proud to look back over the tracks they have made, and are eagerly anticipating "bigger and better" tracks next year.

ACTIVITIES

PI DELTA THETA

President CARROLL HUGHES
Vice-President EUGENE SHEETS
Secretary BERYL HIX
Treasurer GALE MOSS
Sponsor MISS CORA VAUGHN

PI DELTA THETA, a dramatics club, was organized at the beginning of the school term with Miss Cora Vaughn as sponsor. A constitution was adopted by the club, and this organization became one of the most active in the school. The plans of the club call for two major plays of at least three acts each term with any number of smaller one and two act plays. "The Beau of Bath," a one act play, by Constance Mackay, was the first play presented by the club. It was also given as a part of a program for the benefit of the Athletic fund. "Within the Zone," by O'Neil, was also presented on the Athletic Benefit Program. The program was well-liked. Other short plays were "Love and Tea", "The Minuet", and "The Finger of God." The club contributed equally with the Chamber of Commerce and the Board of Education to the Annual Fund.

Members: HAROLD SPROUL, RUSSELL BERRY, WILLIAM BENSON, NADIEN KNIGHT' GERDINE YOUNG, MARY BASS, ALICE SUNBARGER, LLOYD ADAMS, NELLE MILLER' DORIS DACE, CLEMENTINE BACON, DOROTHEA MCGLASSON, PAULINE KUHNS, HARRIETT REECE, FRANCES AMBROSE, HAROLD OLIN, RALPH BENNEWITZ, GRAYDON CARROLL, EVERETT LANE, SYBELEE MUSICK, EVELYN ASH, ERMALEE FOWLER, ELFREDA ADAMS, VIRGINIA JOHNSON, LUELLA MCVAY, HAROLD BOYD, MARVIN SONGER, BERT BASS, KENNETH MIDKIFF, FRANCES PATTISON, MILDRED SURPLUSS, RAYMOND CORNETT, JACK VAUGHN.

THE SEASON FOR PI DELTA THETA

"Grumpy"—(The four-act comedy made famous by Cyril Maude) Dec. 15-16. This play set a record for cash receipts for a school performance in El Dorado. The scenes on the next page are from this play. The cast was as follows: "Grumpy"—Eugene Sheets; Ernest Herron—Harold Sproul; Virginia Bullivant—Mary Bass; Ruddock—Carroll Hughes; Susan—Sybelee Musick; Jarvis—Gale Moss; Kebble—Russel Berry; Wolfe—Gardiner Lindley; Merridew—Lloyd Adams; Dawson—Everett Lane; Dr. McClaren—Robert Fee; Mrs. McClaren—Doris Dace.

Press Comment: "The presentation of "Grumpy" is a work of forty students who belong to the Dramatics Club of the Junior College. It is being presented in a business like manner, with the same desire to give satisfaction for value received that marks the professional offering. The players realize their responsibility, and they have applied themselves to fulfilling it with singleness of purpose. Miss Cora Vaughn, teacher of English at the college, and director of the play, has sought earnestly to inculcate the ideals of the theater in the minds of her charges, and the success which was met last night reflects to her credit as well as to the students who, both on and off the stage proper, contributed their energies to the presentation"—*The El Dorado Times*.

"The Beau of Bath"—Presented in chapel Nov. 14; presented to Rotary at the annual Christmas Luncheon; presented on the Athletics Benefit Program.

Press Comment: "Gale Moss and Miss Sybelee Musick played the leads, handling these difficult parts in a clever and skillful way. They were ably supported by a small cast, while the settings, light effects, and music were most effectively done. Miss Vaughn has shown a high order of talent in her work with dramatics this year, and it is nowhere more fully displayed than in this little scene."—*El Dorado Times*.

"Love and Tea"—Presented in Chapel Feb. 22. The cast included Doris Dace, Nelle Miller, Dorothea McGlasson, Frances Hull, Clementine Bacon, Harold Sproul, and Lloyd Adams.

"Within the Zone"—Presented for Athletic Benefit Program. The cast included Kenneth Midkiff, William Benson, Eugene Sheets, Everett Lane, Beryl Hix, Ralph Bennewitz, Harold Olin, and Graydon Carroll.

SECOND SEMESTER THREE ACT PLAY

"Smilin' Through"—presented in High School Auditorium—May 3 and 4. The cast follows: Monyeen and Kathleen—Sybelee Musick; John Carteret—Gale Moss; Owen Harding—Carroll Hughes; Kenneth Wayne—Harold Sproul; Jeremiah Wayne—Bert Bass; Mary Clare—Mary Bass; Willie Ainley—Kenneth Midkiff; Sarah Wayne—Nelle Miller; Angelica Thorn—Frances Pattison; Lucy Howard—Clementine Bacon; Edward Holt—Beryl Hix; Robert Ormes—Kenneth Midkiff; Neil Graham—Raymond Cornett; Dora Moore—Doris Dace; Ellen—Mary Bass.

E·J·C

STUDENT COUNCIL

President Eugene Sheets
Vice-President Maysel Archer
Sec'y. Treas Victor Benton
Sponsor Dean Walker

The Student Council was the most dignified organization on the campus, excepting, of course, the Sophomore Class. The Council of 1927-1928, being the first student governing body in El Dorado Junior College, felt the weight of its responsibility quite heavily.

Since the College was such an infant, the Council had to set many precedents, which will, no doubt, become traditions of our Alma Mater. Although it was not conspicuous, the Council was back of every worthwhile activity in school. It was vitally and equally interested in athletics, forensics, publications, and social life.

The Council was made up of eight representatives chosen from the two classes. The president of this executive group was from the Sophomore class, and the secretary-treasurer was from the Freshman class.

Besides the officers, members of the Council were: Sybelee Musick, Graydon Carroll, Marvin Songer, Clementine Bacon, and Mary Bass.

EL DORADOAN STAFF

Editor CLEMENTINE BACON
Social Editors MAYSEL ARCHER, SYBELEE MUSICK
News Editors RUSSELL BERRY, DORIS DACE
Feature Editor KATHRYN KENNY
Sport Editor GALE MOSS
Sponsor MISS CORA VAUGHN

THE members of the El Doradoan staff were selected by a committee of teachers because of some evidence of ability to write. To record college news accurately and in the approved newspaper style has been the aim of the staff this year. The power of the printed word, no one doubts, and the staff has done its best to get before the public faithful reports of the college news—an advertising medium of great importance to a newly founded school.

Although sufficient space in which to print all its copy was lacking to the staff, it is appreciative of the courtesy of the senior high school journalism department in granting space for college news. Next year it is hoped that college news will occupy a section devoted exclusively to that or, better, that the college will furnish facilities for a separate newspaper.

DEBATE SQUAD

Affirmative GALE MOSS *and* RUSSELL BERRY
Alternate SYBELEE MUSIC
Negative BERYL HIX *and* CARROLL HUGHES
Alternate MARVIN SONGER
Coach MISS CORA VAUGHN

PROGRESS of the best type has been made our first year in forensics. The debate squad, consisting of three Sophomores and three Freshmen, debated three four-year colleges in non-decision debates; it is not possible to say exactly how the decisions would have gone.

Friends University of Wichita was the first college encountered. The Negative remained at home while the affirmative went to Wichita. The teams "came thru" in this, their first debate, and both won audience decisions. The second debate was with Southwestern, both teams coming to El Dorado. According to the opinion of Dean ALLEN, Southwestern Coach, both affirmative teams won, splitting the debate. Wichita University was met in the third practice debate. Both El Dorado teams went to Wichita. Mr. HARBISON, W.U. Coach, gave his opinion in our favor for both encounters.

The object of all these practice debates was to get in readiness for the Junior College Debate Tournament that was held at Independence. El Dorado was eliminated in the first round of that affair, the affirmative team winning from Iola by six points, while the Negative lost to Iola by eight points. The tournament ended with four teams tied for first place, giving El Dorado second place. Seven teams were entered.

SCIENCE CLUB

President MARION CALDWELL
Vice-President MAYSEL ARCHER
Sec'y. Treas VICTOR BENTON
Sponsor O. E. BONECUTTER

THE Science Club was organized for college students who were interested in things scientific, and the bi-monthly meetings, which were held in the science lecture room on the second and fourth Wednesdays of each month, were devoted to discussions, demonstrations, and lectures which helped its members to keep in touch with the progress of science.

In point of accomplishment, the members feel that the club is as yet in its infancy; nevertheless, they have broken ground in one of the most interesting fields of collegiate investigation. They hope that in the years to come the Science Club will be a place of interest for the scientists of E.J.C

The members were: CARLETON BROWN, KENNETH GROVES, DUWANE MULNIX, WILLIAM CLOYES, KENNETH BURGERT, RAYMOND CORNETT, MAURICE GWIN, ELDON TETER, HELEN RUTH, MAYSEL ARCHER, MARION CALDWELL, PEARL OSBORNE, and ALBERTA PEFFLEY.

Y. W. C. A.

President Sybelee Musick
Vice-President Helen Ruth
Secretary Iola Nikkel
Treasurer Dorothea McGlasson

The Young Women's Christian Association was one of the most active organizations in the College. It was always ready to help when there was any work to be done, and anything that it undertook went over big.

The Y.W. put itself on the map when it sponsored a banquet for the football men. This affair was quite the social event of the first semester. No college man can ever forget the unholy glee which he felt when a co-ed blushingly asked him for a date for the Leap Year party, which was given on St. Valentine's Day.

No member of the feminine gender could ever be happy without a tea now and then. The Y.W. gave two teas of outstanding importance. One was an autumn tea given for the members, and the other was given at Christmas time. The Vesper Service given on Palm Sunday was well attended, and thoroughly enjoyed.

Clementine Bacon was the program chairman of the club: Ella Baker, Social Service chairman; Ermalee Fowler, Social chairman.

SANS SOUCI

President Eva DeVore
Secretary Elsie Thacker
Sponsor Miss Dorothy Cartwright

"Sans Souci" is just a nice, easy way of saying "Without a Care". The members of the club are truly careless (we mean void of care, not the usual interpretation of the word). This club is another one of the exclusively feminine organizations on the campus.

Members of "Sans Souci" seem to be infected with a bad case of wander lust. At each meeting they study the customs of a different foreign country. A discussion of South America was made particularly interesting by examples of South American culture which were brought directly from Colombia, South America.

The "Sans Souciers" have a grand time at their parties, too. Theatre parties, teas, picnics, and a spring party were included on the "Sans Souci" social calendar.

Members of the club are: Eva DeVore, Iola Nikkel, Dorothy Cartwright, Ruth Russell, Elsie Thacker, Lillian Land, Faith Lipscomb, Claribel Houston, Lillian Green, Ethel McKee, Helen Fast, Dorothy Smith, Mary Fast.

GOLD DIGGERS

Gold-Diggers! Please don't misunderstand us. It really isn't as bad as it sounds! If you want to know how the Gold-diggers rate, just talk to any of the basketball or football men.

The Gold-diggers of El Dorado College had quite a different reputation from those gold-diggers of movie fame. The sole object of this organization of college girls was to dig out the pep which anyone in school had hidden away.

How did they get results? Were you ever curious enough to wonder who was responsible for the rainbow-hued goal posts at football games? The Gold-diggers, of course. Did you ever wonder why the gridiron heroes came back rejuvenated after the half? Hot coffee, which the Gold-diggers made, can explain that. Had you ever noticed that a spell seemed to be over our basketball men? Rabbits' left hind feet, which were presented by the Gold-diggers, were responsible for the charm.

The members of the organization were: Zelda Ellet, Gerdine Young, Mary Bass, Frances Pattison, Sybelee Musick, Clementine Bacon, Ermalee Fowler, Dorothea McGlasson, Maysel Archer, Evelyn Ash, Helen Ruth, Kathryn Kenny, Frances Hull.

MATHEMATICS CLUB

President Ella Baker
Vice-President Cleo Bradley
Sec'y. Treas Pearl Osborne

To interest students who were not mathematically inclined was the purpose of the Mathematics Club, which was organized by Miss Ferna Wrestler, head of the Mathematics department. This task was accomplished by discussions of the lives of the great mathematicians, tricks and mathematical puzzles, and the endless study of the fourth dimension.

The practicability of mathematics was proved to the student body in assembly by a demonstration of the slide rule. This peculiar little instrument appeared to be part of a magician's equipment until we were shown "what makes the wheels go 'round".

Members of the club were: Marion Caldwell, William Cloyes, Kenneth Burcert, Cleo Bradley, Horace Campbell, Grant Cottrell, Clarence Hunn, Ferna Wrestler, Ella Baker, Pearl Osborne, Charles Elder, George Brenner, Harold Olin, and Beryl Hix.

HOBOES

One day a crowd of girls met in Miss Wrestler's room. There were girls seeking to reduce, girls athletically inclined, and girls just hunting a good time. The result was the Hoboes. This club has no constitution or code of rules. The only requirement is that each member bring her lunch in her own bandana. Any girl can be a Hobo and its members will tell you that a Hobo hike is lots of fun.

STUDENTS AT ENTRANCE

E·J·C

MOST POPULAR WOMAN

In the popularity contest which was conducted in connection with the sale of annuals, five contestants were brought forward: Gerdine Young and Sybelee Musick, sophomores, and Mary Bass, Clementine Bacon, Doris Dace, freshmen.

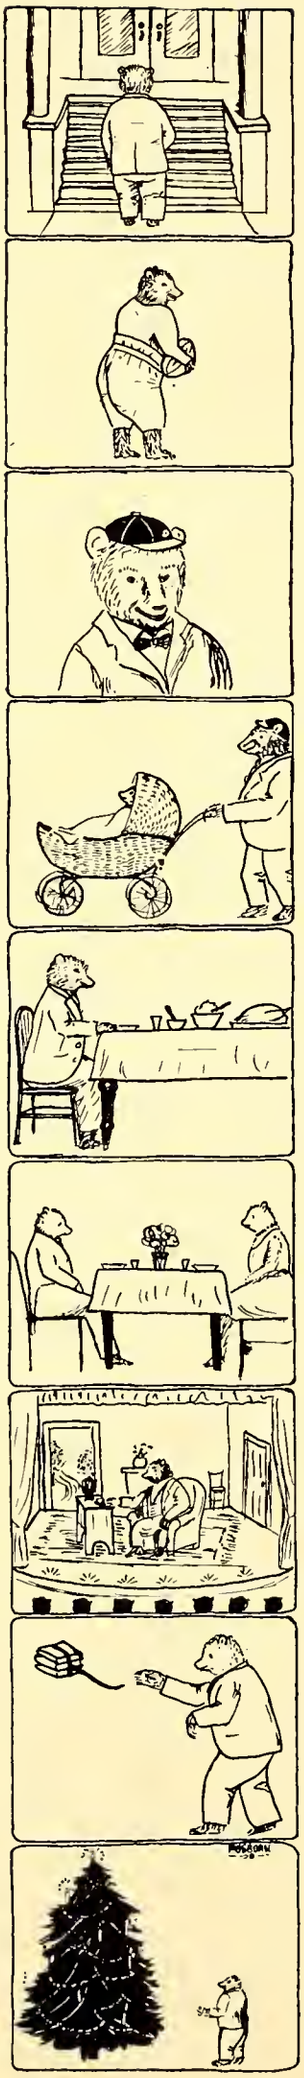

The affair shortly settled down to a duel between Miss Bass and Miss Bacon. The outcome was in doubt day after day, and, even after the contest closed, we had to wait for the adding machine to definitely settle the matter. Miss Bass was winner.

MOST POPULAR MAN

Few or none of the E.J.C. students were especially surprised when Eugene (Rusty) Sheets, a sophomore, was voted the most popular man of the college.

Harold (Red) Boyd, a freshman, gave him a very spirited race for the honor, and many times the outcome seemed doubtful. The other contestant was Gale Moss, a sophomore.

BEAR TRAX

Sept. 5.

I'm here and installed in the newest college I ever attended. We had chapel today. From all indications Dean Walker is going to be chief grizzly of the den. He left us that impression. When Dad gave me my last money, he said it would have to go a long way. It has—such a long way I can never get it back.

Sept. 19

In college I learn to formulate ideas. I'm learning how money comes and goes. Football has started. I heard that all the big, burly, ugly (and some of the handsome) men went out for football practice this week. Really they looked like a travelling hospital—skinned noses, walked-on ears and what not. It is a rough game that mars male beauty so. I don't approve of it, in fact, so I have found me a girl to play with. She helps me study, and that is what I'm here for. I believe in intellectual development of the highest order.

P.S.—Three F's today. My teachers haven't well developed ideas as to the fitness of things.

October 3

Mr. Walker announced today that Freshman caps were on sale in the office. Can you imagine? And they are so green. I bought one, of course, since I'm a loyal freshman. All kinds of things are going to happen if we don't wear them. Such a life! The Grizzlies took a win from Chilocco Friday—E.J.C. 7, Chilocco 6. Rah!

October 19

The Kafir Korn Karnival starts today. E.J.C. has a handsome float for the parade and an imposing booth down in Kafirville. "Prunes" in his baby carriage should have won the baby prize.

October 28

Two big events the last two days! The big shirt tail parade and pep rally down-town created no end of excitement. (People stared so, and how we do like to be noticed). Today the Grizzlies laid siege to Fort Scott and quite ran them out of bullets. Score: We, 6, Fort Scott 0.

November 24, Turkey Day

This is a big day for everybody. Every dog has his day, and so do the turkeys. But today was officially the Grizzlies', for they sent Ark City home with the 6 end of a 17-6 score. And now! Freshman caps are no more. Dignity is again the heritage of the lowly freshmen.

December 16

The football banquet which was sponsored by the Y.W. was given the official O.K. by everybody including Sam. Did we Grizzlies track around afterwards? My feet will testify to that. Dates? Oh yes, we had them!

December 17

Last night and the night before the Dramatics club made its public debut with "Grumpy" ne Sheets. Miss Vaughn said "The play went over with a bang" (or something like that). The audience and I thought "Grumpy" a bear of a play, as it were. I'd endorse another play by the club. The cast voted Mary's waffle supper "waffly good."

December 20

It won't be long now. Christmas vacation begins tomorrow. Downtrodden studes can sleep late, we can all loaf. Exquisite! The Grizzlies took a game from St. John's Wednesday. Score: E.J.C. 29, St. John's, 20. Homecoming chapel plans and Christmas shopping are the order of the day.

December 23 to January 1.

Oblivion!

BEAR TRAX

January 1.

Stairs, faces and lessons are all long today. I'm quite too insulted at having to be in school to record even such important facts as what Santa Claus brought me. And to make it worse, already semester exams are gathering omniously.

January 11

Ice water! Aid! Succor! Assistance! The flunk list is up. Exams are upon us. Mr. Bonecutter admits its simply a case of survival of the fittest. The Grizzlies are going good. They have three recent wins to their credit—Friends Reserves, St. John's College, and Chilocco. 'Ray!

Mr. Walker thinks our work should be better in hand. How we wish for a pony of a crib paper richly embellished with things we don't know. Fort Scott suppressed the Grizzlies 31 to 21.

February 1

The bulletin board advises bashful co-eds to cease being chicken hearted. The Y.W. has promised us a lovely Valentine Leap year party. Sympathy to C. Brown. Will be besieged. And will he blush? We're all getting the flu.

February 15

The leap year party was literally a growling success, especially when "Rusty" won the beauty contest. I was in favor of Mr. Phillips, but the co-eds insisted that male beauty is merely a matter of hirsute distribution. Some of the boys looked a bit strained today, as though they had narrowly escaped leap-year proposals. They are glad that the most dangerous day of a dangerous year is past.

February 25

The Grizzlies finished their basket ball season this week-end with a loss each to K.S.T.C. Reserves and to Parsons and Iola. This stacks the Grizzlies with seven victories and five defeats for the season.

March 9

Tennis and spring fever descended ensemble upon us today. Classes were small and the tennis courts were popular. But me—I'm lazy. Wish I had a broken leg so I could stay in bed. "Prunes" started agitation for an elevator today, and Miss Cartwright's open air fiends spent the hour on the fire escape.

The Dramatics Club made another successful presentation last nite with "The Beau of Bath" and "In the Zone". E.J.C. was presented with the cup from the Independence debate contest—the official cup of Woolworth's Five and Ten.

April 9

Most of E.J.C. has enjoyed the trial. "The Consecration of Sir Galahad", the Easter program presented by the Y.W. as a vesper service, was without doubt the outstanding event sponsored by that ambitious club this year. The pageant was full of the beauty that Easter signifies—it was a triumph of artistic effect.

April 27.

El Dorado J! Hurray! Rah! Rah!

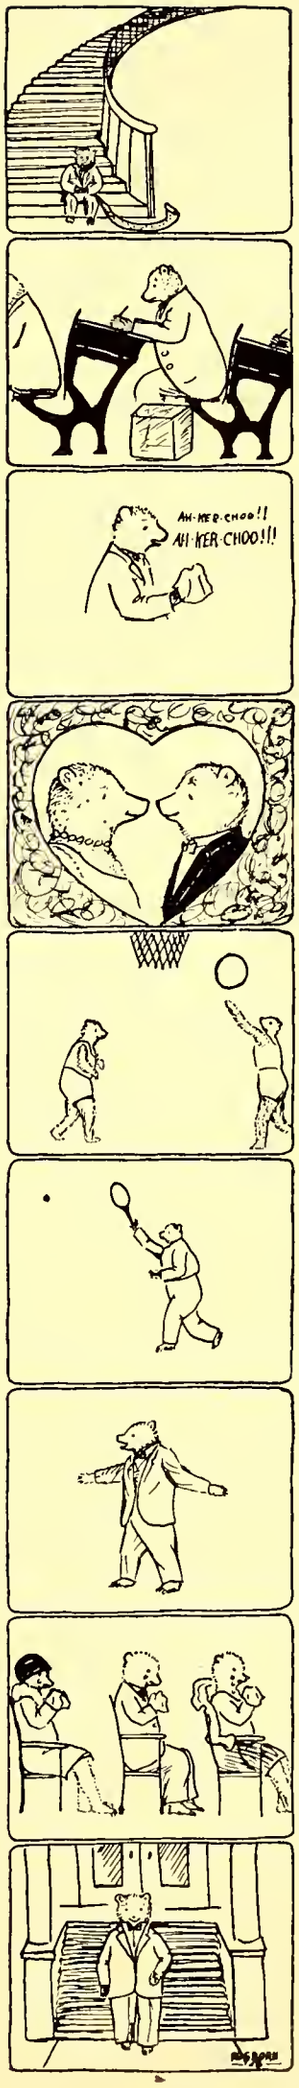

Doris Dace won first in the State Junior College Declamation Contest and Marvin Songer won Second in the state Junior College Oratorical Contest. What a Growl for our first year!

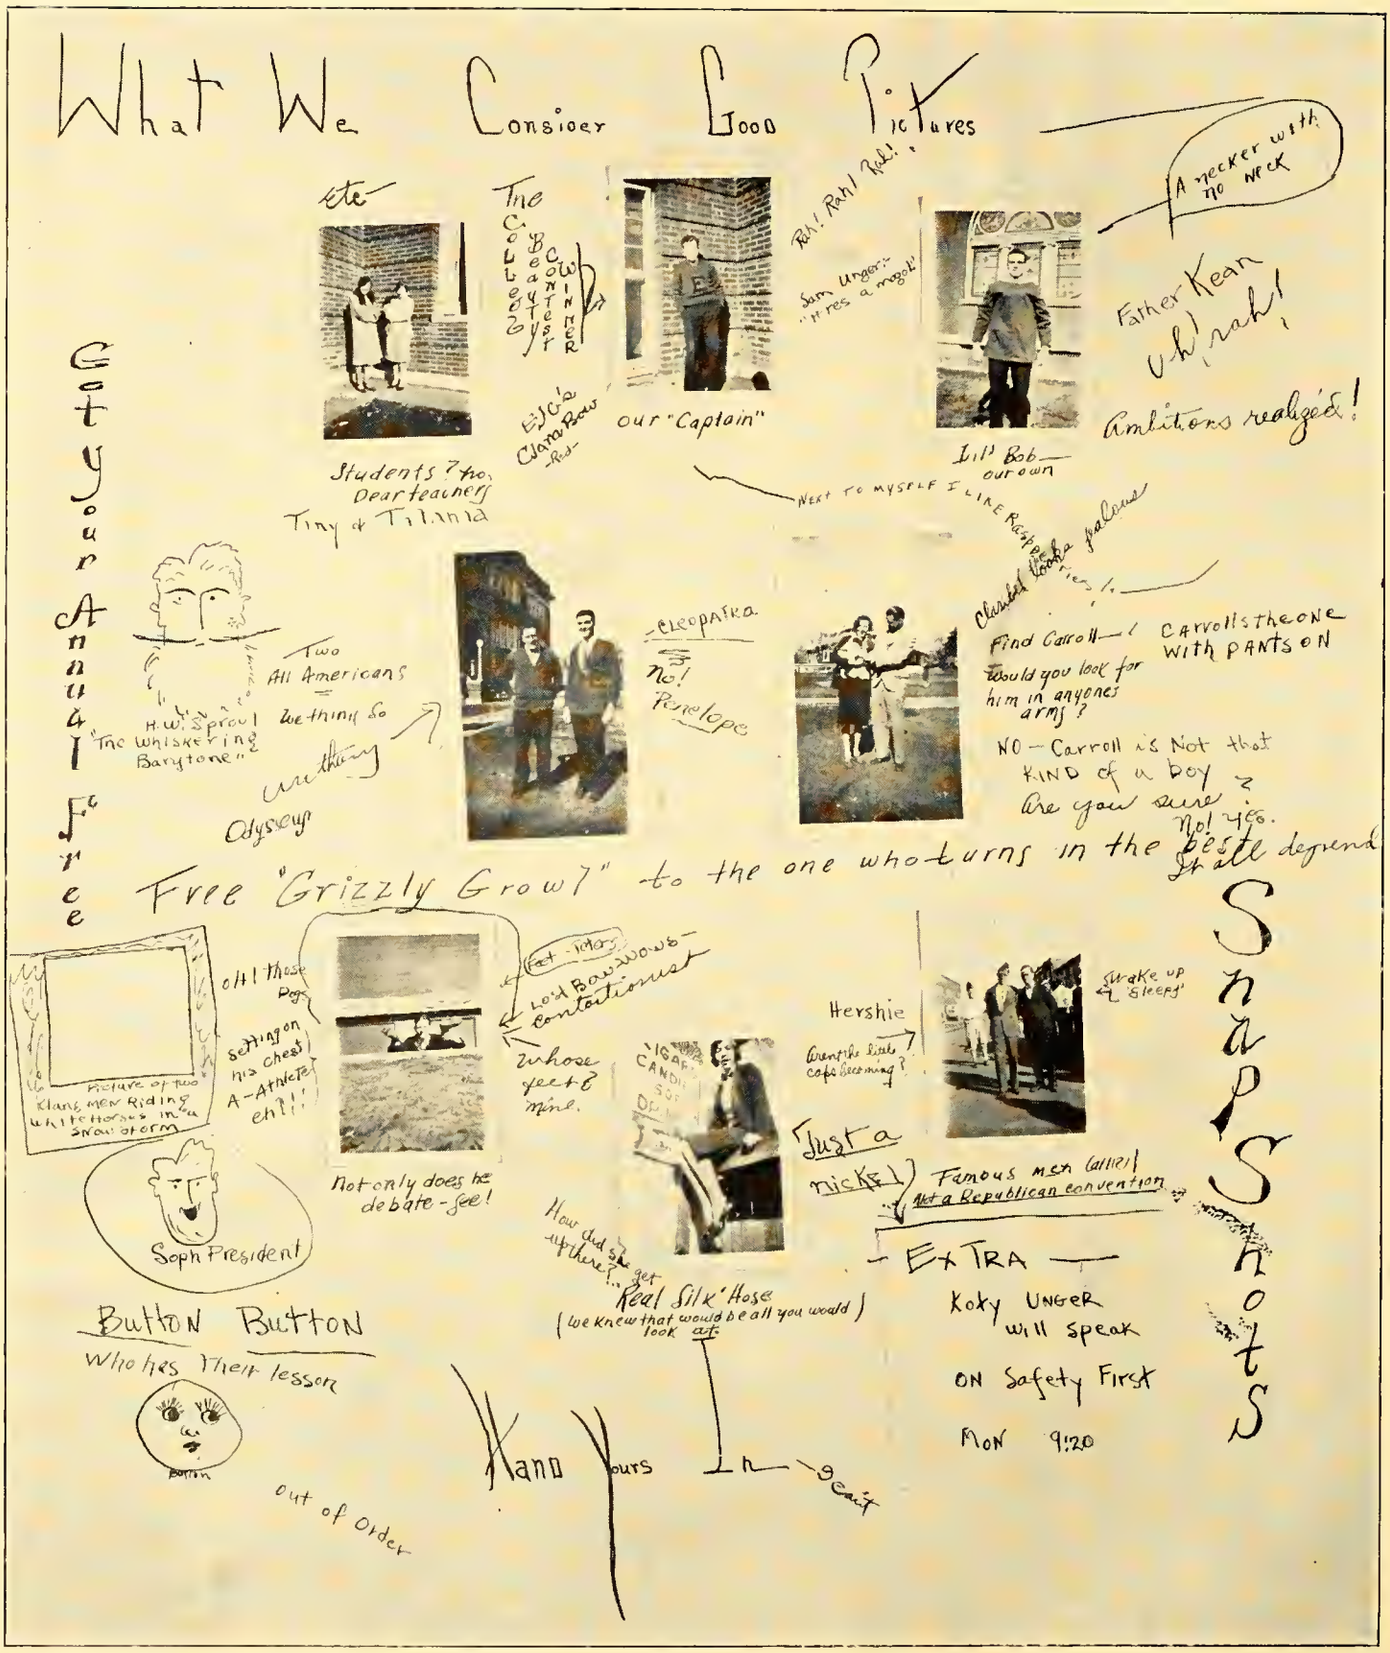

May 11

All the collegians in dress up attire made the spring formal smack of real "up town stuff". Quite the best "drag" of the season.

May 18

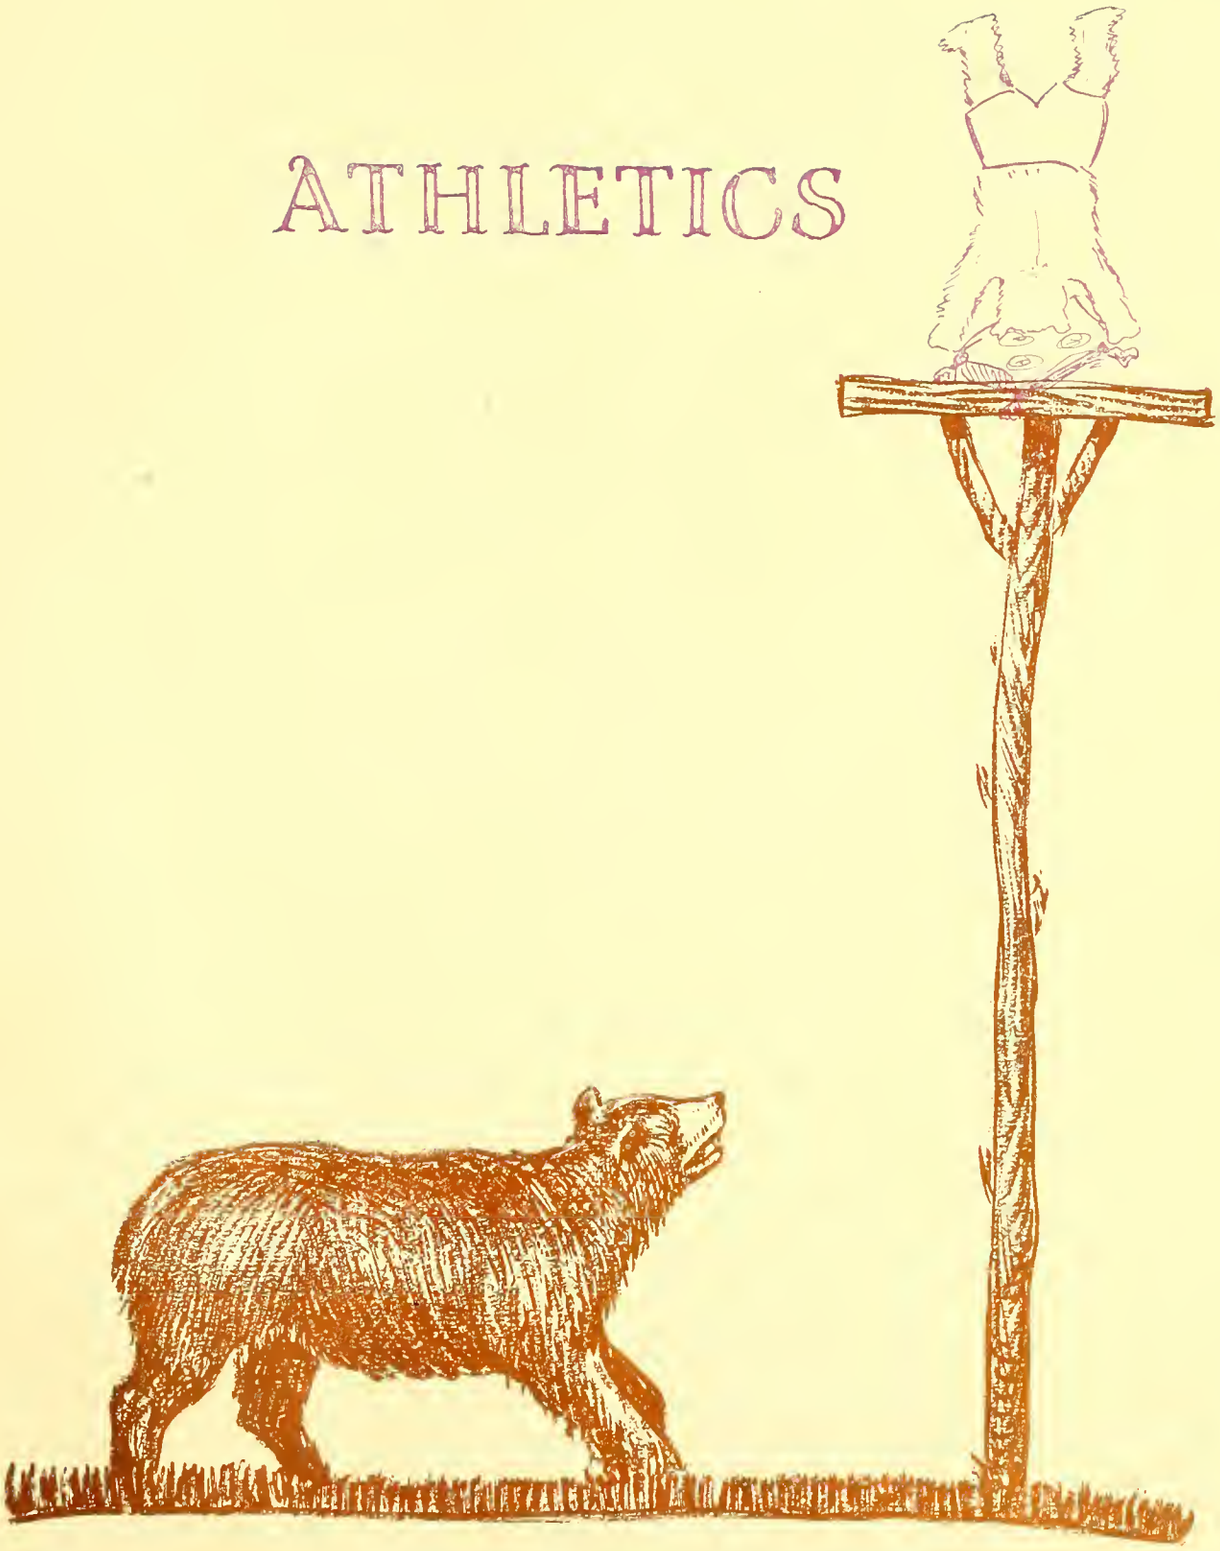

Exams, farewells—everything, over for this, our pioneer year. Adios!

When the call was sent forth for snaps, it was deemed wise and necessary to have a poster to emphasize this fact. A poster was accordingly made, and tacked upon the bulletin board. In less than a week's time the poster was converted into what is seen above, by the enterprising and wise-cracking studes.

ATHLETICS

Coach A. H. Cornwell

"Hersch" certainly had the "ole school spirit" at heart when he made a successful team of the raw material waiting for him at the beginning of the year.

To him goes the admiration and respect of the whole student body as well as of the members of the teams.

Captain Sheets, *Football*

"Rusty" was probably the one man who could carry the responsibility of the two major jobs on the team, captain and quarterback.

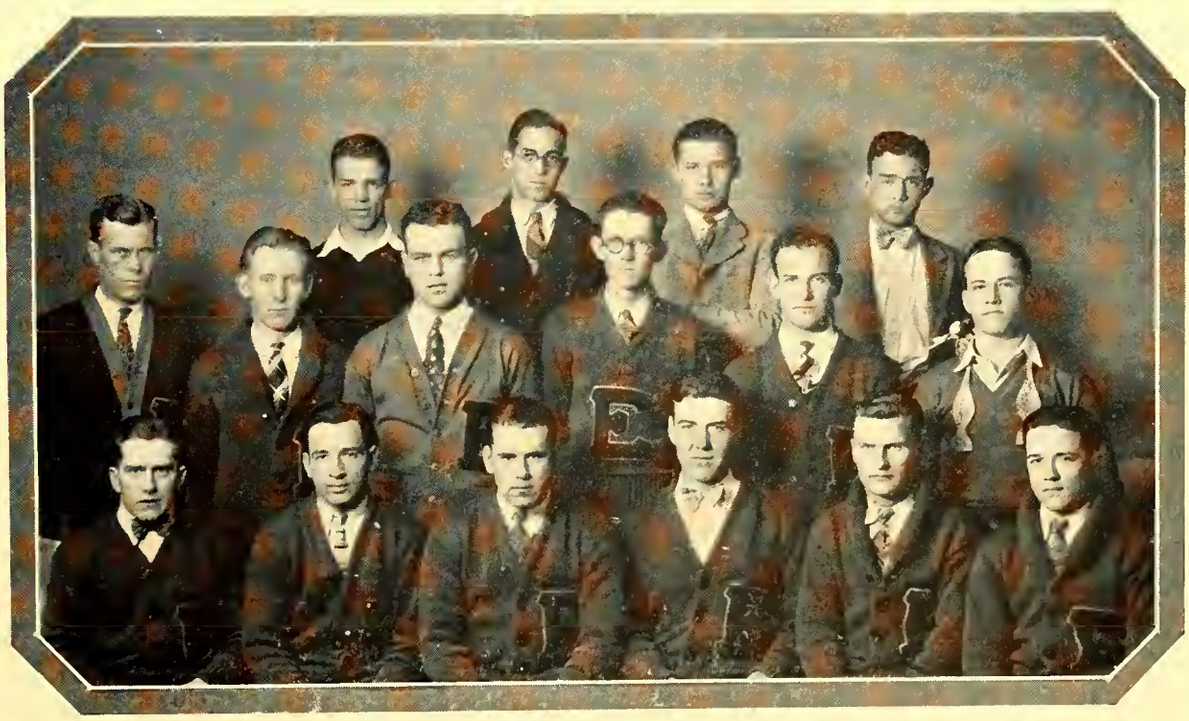

He was the morale of the team, a consistent ground gainer, and, what football demands, a fighter and a clean sport.

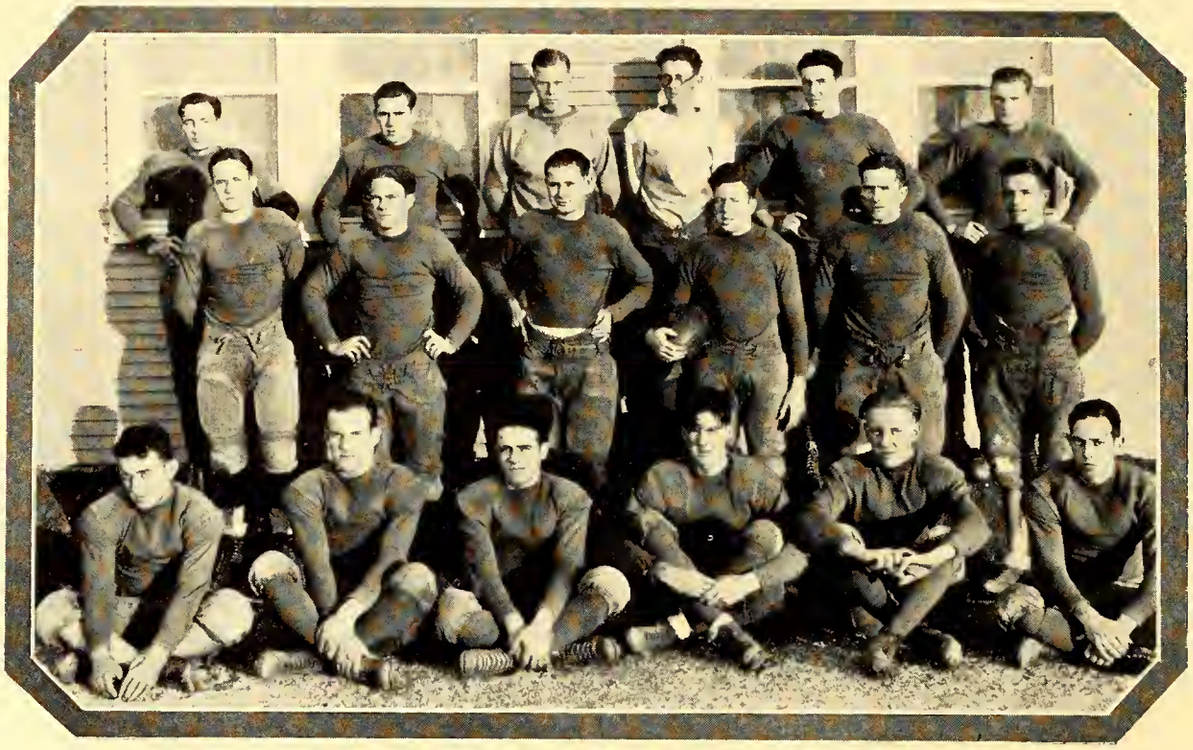

"E" CLUB

President Gale Moss
V-President Marvin Songer
Sec'y.-Treas. Harold Boyd

The "E" Club was organized soon after the close of the first semester. It was essentially a club of only those who had earned football letters because no other letters had been awarded. The organization, however, is a perpetual one, being augmented at the end of each sports season with those who have earned their athletic letter. Incidentally all men who earned basketball letters were men who had football letters.

The "E" club banquet, at which the new officers were announced, was one of the last and best social events of the school year.

FOOTBALL

E.J.C.'s football season started off with a bang. Chilocco was defeated in the first football game ever played by a Grizzly team. Then came a series of set backs, three defeats in a row by conference teams. These games were away from home; this fact affected the morale of the team, but the next game, the first college game ever played in El Dorado, resulted in a victory over Fort Scott. From this time on, no defeats were suffered. Friends University Reserves were defeated in a thrilling battle, and on Turkey Day, Arkansas City was handed a severe drubbing.

Much of the success of the season was due to Coach "Hersh" Cornwell who took a comparatively inexperienced squad of men, and before the season was over, had molded it into a team that was the pride of E.J.C. and its supporters.

Kean was given a berth on the first All-Conference team, and Sheets made the second team. Harsh, Boyd, and Pettit were given honorable mention.

Season's Record

E.J.C.	7	Chilocco	6
E.J.C.	6	Parsons	25
E.J.C.	0	Iola	18
E.J.C.	6	Independence	13
E.J.C.	6	Fort Scott	0
E.J.C.	9	Friends U.R.	6
E.J.C.	18	Ark City	6

E·J·C

BASKETBALL

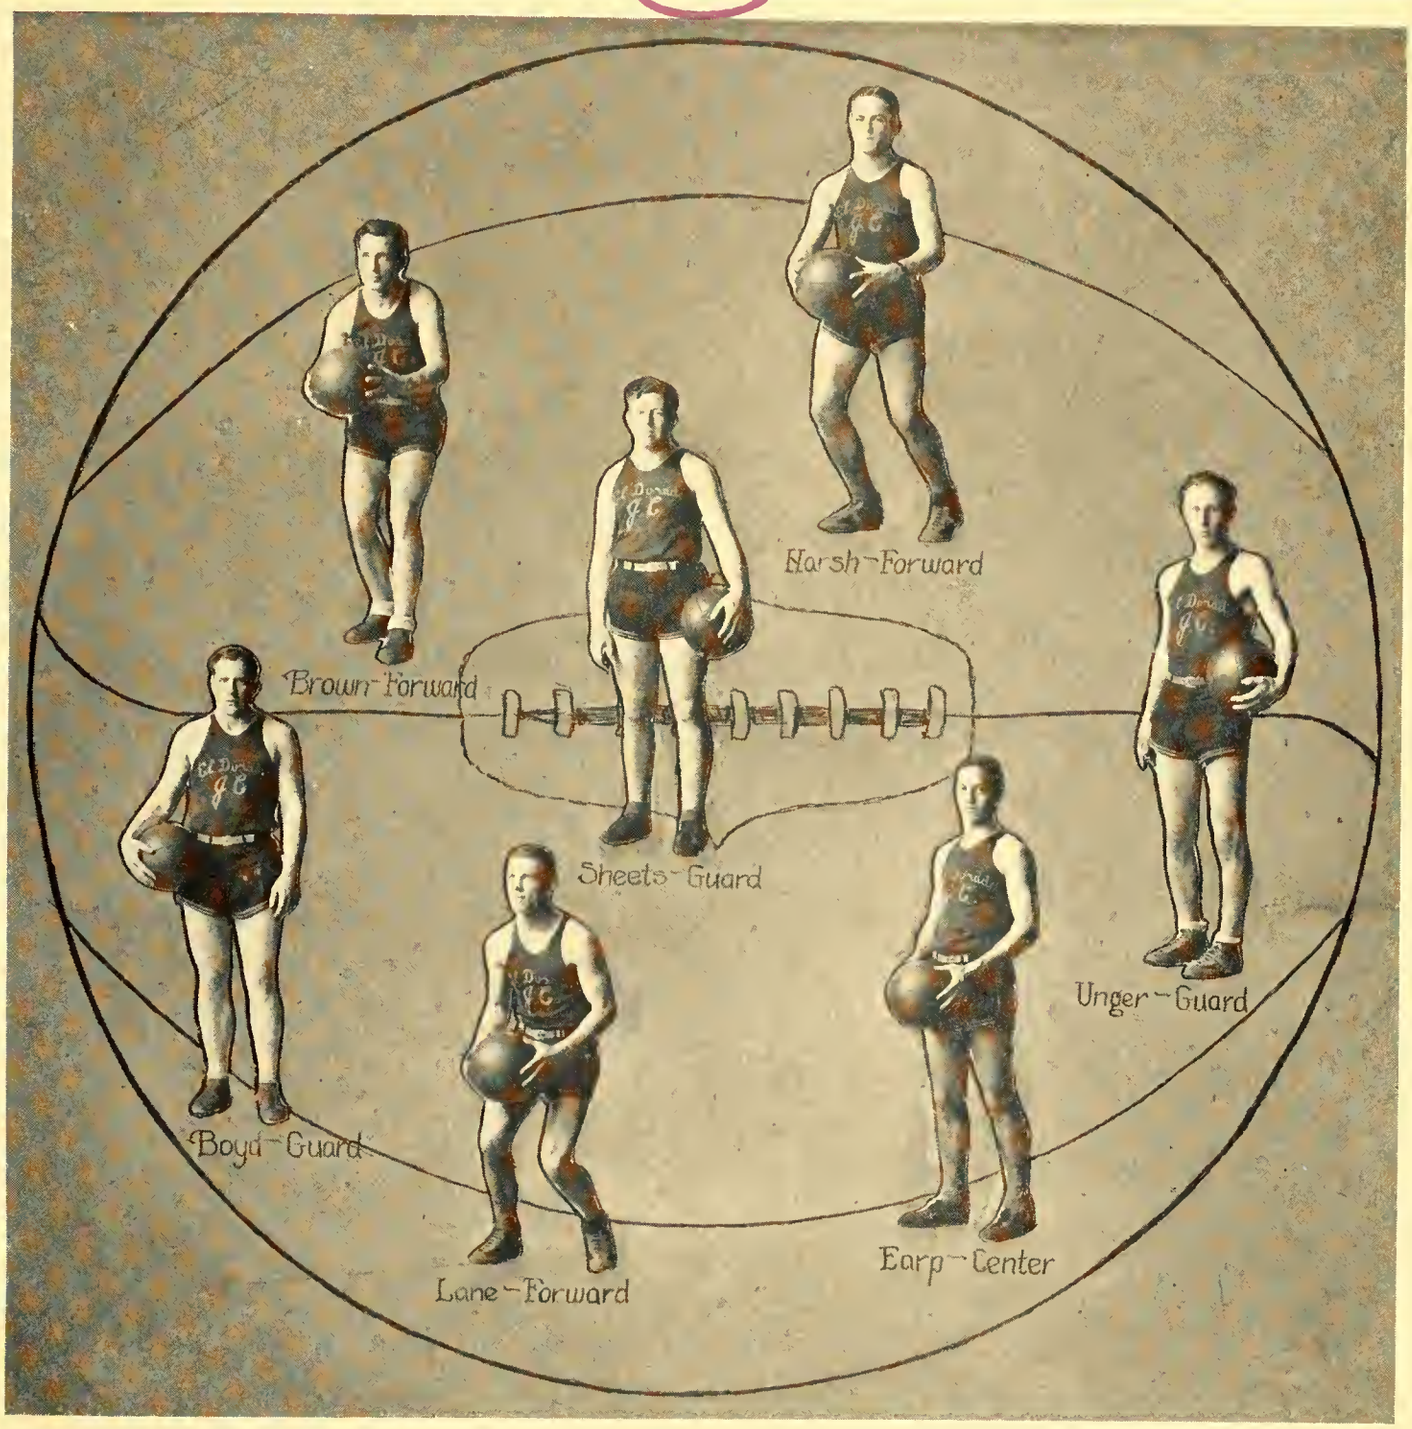

The basketball season for E.J.C. ended with a 50-50 record. The showing in the Junior College Conference percentage column was not so good, but many of the games were thrilling. Only one non-conference game was lost and that to the fast Emporia K.S.T.C. Reserve team.

The showing was more remarkable than figures show because the personell of the team were not high school and college stars but fighters to the nth degree; a team that never called the game lost until the final whistle.

Our first year in the conference acquainted us with the fact that the competition was keen. We will be better prepared to meet it next year.

THE EL DORADO JUNIOR COLLEGE

El Dorado, Kansas

ANNOUNCEMENTS FOR 1928-'29

Butler County's New College, the El Dorado Junior College, began its first session on Sept. 5, 1927, with 115 students in actual attendance. Of this number, twenty-three were sophomores and ninety-two were freshmen.

The College offers its advantages in the way of two years of cultural, pre-professional, pre-vocational, or completion work, free of tuition to all high school graduates of Butler County. Those graduating from the Junior College are qualified to enter the junior year at the State University and four year colleges.

The College faculty for 1928-'29 will consist of six full time and three part time instructors. Practically all of the teachers have had college or junior college teaching experience. They are holders of Masters Degrees from such institutions as: Columbia University, Washington University, Chicago University, Vanderbilt University, Kansas University, and Kansas State Agricultural College.

The College has its offices and five well-equipped classrooms on the upper floor of the Junior High School building. The laboratories, library, and study-hall are in the Senior High School building.
